

# Reflections

As we pen this newsletter, we gratefully look back at what made the year 2023 truly extraordinary – our accomplishments, our clients, our people. From game-changing milestones to heart-pounding hackathons, it's been a rollercoaster of creativity and success.

# iamneo in the Google Case Study Spotlight

Guess who got a cameo in Google Cloud's latest case study? Yup, it's us! The spotlight's on iamneo, showcasing how our AI-powered platform is changing the game for developers. It's not just about code; it's about scalability, security, and transforming lives. A massive thank you to everyone who's been part of this journey with us.

## LIGHTS, CAMERA AI

## South Asia EdTech 100

*Cue the confetti!*

We snagged a spot-on Holon IQ's South Asia EdTech 100 list. High-fives to the entire iamneo crew for helping us reach better heights. Watch out world, next year we might not just be confined to South Asia!

Read all about it here: [www.holoniq.com/notes/2023-south-asia-edtech-100](https://www.holoniq.com/notes/2023-south-asia-edtech-100)

WE MADE  
**THE LIST!**

## Authorized Training Partner

The year 2023 marked significant partnerships for us. We proudly assumed the role of authorized training and certification partners for both AWS and Oracle. Additionally, we are now the official certification partners for British Council English Score and have become the designated Google Workspace for Education (GWFE) Reseller Partner. We're geared up to embark on a journey to train the world!

LET'S  
**TRAIN THE  
WORLD**

# neo PAT

## NEAT Marketplace

Imagine our joy when we got the news that our NeoPAT product is now officially on the NEAT Marketplace! Big shoutout to every soul at iamneo for pouring dedication, innovation, and sheer hard work into this achievement. Our NeoPAT is now waving hello to national opportunities, and we couldn't be prouder.

# WE MADE IT

## Our Remarkable Clients

In 2023 we held stronger and grew new branches. We heartfully thank all our existing customers and new customers acquired in the past year who truly gave us a reason to celebrate.

## THE TRUE GIFTS OF 2023

# Platform Revamp

## A BRAND NEW UI COAT!

All our student-side platforms have undergone a magnificent transformation, boasting a fresh and intuitive UI/UX that's designed to inspire and simplify.

## Chrome Extension

### NO ROOM FOR DISTRACTIONS!

Introducing NeoExam Shield, our innovative Google Chrome extension. It ensures a focused testing environment by restricting the interference of any other extensions during tests on our platform.

## Speed Optimization

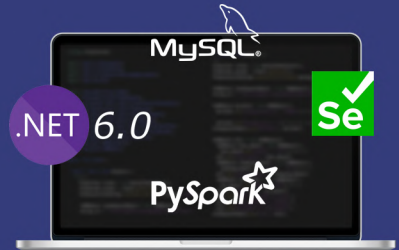

### SPEEDING INTO THE FUTURE!

We've turbocharged our compiler speed! Experience a significant boost from 1.5 minutes to just 50 seconds, making your interactions with our platform quicker and more efficient.

## New Tech Additions

### TECHNOLOGY GREW AND SO DID OUR STACK!

DotNet 6.0, Pyspark, MySQL, and a DevOps have joined our compiler tech stacks. Also, Selenium and Nodejest are now part of our autoevaluated stacks, adding a powerful touch to our technological prowess.

## Azure Sandbox Labs

### PRACTICE IN REAL FIELD!

Successfully launched Azure Sandbox labs with auto-evaluation assessments, enhancing learning experiences and streamlining evaluation processes.

## NeoHire ATS

### YOUR TICKET TO EFFORTLESS HIRING!

Our NeoHire ATS now boasts seamlessly integrated assessment and interview functionalities, simplifying and enhancing the hiring process for recruiters and candidates alike.

# Hackathons

## Neo CODEATHON

Uniting Universities

In the preceding year, we hosted a grand total of 11 Neo Codeathons, underscoring our unwavering dedication to nurturing innovation and talent. Monthly, these Codeathons united universities within our client network, revealing extraordinary talents across India. A substantial participation of 86 colleges and an impressive count of 1.4 million students in total made these events a resounding success.

WHERE  
IDEAS WENT  
WILD

1.4 MILLION  
STUDENTS

11 NEO CODEATHONS

NeoHack was more than just a hackathon; it was an epic showdown of iamneo's hidden talents.

**Picture this:** Teams working tirelessly for three days, brewing up solutions that would make tech wizards proud. Almost 80% of the office joined in, pulling all-nighters, and guess what? We achieved something that a whole quarter couldn't beat.

# CONSTRUCT

@ COIMBATORE

We love tech, but we also love our city, Coimbatore. That's how Construct@Coimbatore was born - a space for tech enthusiasts to gather, learn, and discuss. No virtual sessions here; it's all about real connections. Two tech constructs later, and we're buzzing with excitement over the turnouts.

## CONNECTING WITH THE COMMUNITY!

## Residential Outbound Training

Our journey continued with a soul-searching residential outbound training at Anaikatti. Guided by the amazing [Sivakumar Palaniappan](#), we reflected on our Neo Pills - the guiding principles that define us.

*It wasn't just training; it was a transformation.*

## FINDING OUR TRUE NORTH!

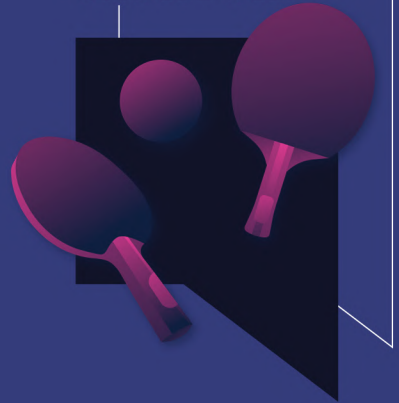

# Table Tennis Tournament

We took a break from coding to smash it on the table tennis court! The tournament was a 'racket-riffic' success, filled with swift serves, impressive rallies, and lots of laughs. Sportsmanship was our MVP.

# SMASH-TASTIC SHOWDOWN

# Vibrant Celebrations

We celebrated every day – big or small – with events that buzzed with joy and unity. Strengthening bonds and making memories – that's how we roll at iamneo.

As we step into 2024, let's carry the warmth of our shared moments, the lessons we've learned, and the dreams we've dared to dream.

*Here's to another chapter of awesomeness!*
